Innov·is 10, 30, 50
Sewing made Simple

Innov·ɪs 10, 30, 50

Whether you're new to sewing, or it's a keen hobby for you, the new Innov·ɪs range of easy to use, computerised sewing machines will inspire you to be creative.

With sleek, modern styling, Brother's new Innov·ɪs models combine high levels of functionality with incredible ease of use. Designed with you in mind to help you get the most creative enjoyment from your home furnishing and dressmaking projects.

Just look at the 3 models listed and choose the right one for you.

Innov·ɪs 10

You may be new to sewing, or maybe you are looking for a sewing machine that's easy to use, if so, the Innov·ɪs 10 is the perfect choice. The 'jog dial' makes it very user friendly. Simply turn it to the stitch you require and you are ready to go. What could be easier! And with the LCD display you can see at a glance information about the stitch width and length. Even needle threading is quick and easy with the built-in needle threader. Simplicity does not mean a compromise on features – there are 16 stitches to choose from, including 3 different buttonholes, to give that professional looking finish.

Innov·ɪs 30

If sewing is already a keen hobby for you, or you simply want more features, then the Innov·ɪs 30 offers fantastic versatility. The electronic 'jog dial' provides finger tip control to choose from 70 stitch patterns, including 7 buttonholes. The LCD screen means you can see at a glance information about the stitch you have chosen, and the electronically controlled functions allow you to adjust the stitch sizes in a much more precise and simple way.

Innov·ɪs 50

The Innov·ɪs 50 is the perfect choice for those of us who want to get more creative. It is feature packed with 135 built in stitches, including 10 buttonholes, that you can quickly and easily select at the touch of the key pad. The built in lettering can be used to create labels or monogrammes - you can even combine up to 35 different stitches to create your own stitch patterns!

Easy to use functions

The Innov·ɪs 10, Innov·ɪs 30 and Innov·ɪs 50 models are so simple to use. Here are just some of their practical features:

Central controls
Handy central controls help to make sewing simpler. Jog dials and electronic touch pads provide finger tip control of stitch functions.

LCD display
See at a glance information about your stitch – such as the length and width and type of pressure foot[†] required.

Automatic needle threader
Needle threading is quick and simple with a one step action.

Quick set bobbin
Just drop in a full bobbin, thread in the direction of the arrow and you are ready to sew.

F.A.S.T bobbin winder
Winding bobbins is fast and simple. Just wind the thread around the bobbin through the guide slot and press the start button.
7-point feed
Extra teeth ensure a smooth feeding action and superior stitch quality. Sew smooth pin point seams on any weight of fabric, from sheer silk to denim.

LED sewing light
Effectively light your workspace with the LED light. It uses a fraction of the power of a traditional bulb and it will last the life of the machine.
